

SMS SHORT THROW SMART ADAPTER

Mount our brackets using the arm that comes with the projector.

A solution for all who use SMS mobile or wall-mounted Short Throw brackets (listed below) and who want to use the projector arm that comes with the projector when purchased. This adapter replaces the SMS Projector Short Throw Pillar and

the SMS Short Throw Unislide for mounting the projector on the bracket. Suitable for use with the SMS Projector Short Throw Wall Motorized, SMS Projector Short Throw Wall Manual and SMS Projector Short Throw Mobile Motorized. Finish: Grey.

INFO

- Finish: Grey
- Size: 385 x 300 mm
- Weight: 4.2 kg
- Suitable for, among others, the following SMART projectors:
UF65, UF75, UX60, which are sold together with a projector rail.
In these cases, it replaces the SMS projector pillar and the
SMS Short Throw Unislide.
